Title: System And Method For Communicating Information Relating To A Network Resource

Patent No. 7,043,526, Issued May 9, 2006

Serial No. 10/021,761, Docket 307

REQUEST FOR RECONSIDERATION FOR REQUEST FOR CERTIFICATE OF CORRECTION FILED PURSUANT TO 37 C.F.R. §1.322

As discussed by telephone today with Ms. Tolbert of the Certificates of Correction Branch, this is a Request for Reconsideration of the decision on the May 9, 2006 Request for Certificate of Correction for the above-identified patent. In an Office communication dated February 1, 2007, the Office denied part of the request for a Certificate of Correction, stating that the patent was "printed in accordance with the record in the Patent and Trademark Office."

The patent was not printed in accordance with the record in the Patent and Trademark Office. All of the requested corrections were to address errors introduced during printing of the patent. In a telephone conversation on February 5, 2007 with Examiner Kamini Shah, it was pointed out that the errors were introduced during printing, and Examiner Shah now agrees that the original request for a Certificate of Correction should have been approved in its entirety. Documentation that demonstrates that the errors sought to be corrected are attributable solely to the Office under 37 C.F.R. §1.322 was filed with the original request on May 9, 2006.

Accordingly, Applicant respectfully requests reconsideration of the request for a Certificate of Correction, and respectfully requests that a Certificate of Correction be issued for the above-identified U.S. Patent correcting the Patent in the manner described in the enclosed "Certificate of Correction," Form PTO/SB/44. The enclosed Form PTO/SB/44 is the same Form PTO/SB/44 that was filed with the original request on May 9, 2006.

To the extent that a discussion with the Applicant would expedite the processing of this Request for Reconsideration, the Office is encouraged to contact the Applicant at the telephone number listed below.
